- False Answer Choice
- False Answer Choice

**First part: multiple choice questions**

For each question, mark the box corresponding to the correct answer. Each question has **exactly one** correct answer.

Let  $A$  be a bounded and non empty subset of  $\mathbb{R}$ .

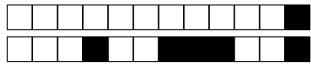

Then  $\inf A \in A$  and  $\sup A \in A$ .

TRUE       FALSE

Let  $f: \mathbb{R} \rightarrow \mathbb{R}$  and  $g: \mathbb{R} \rightarrow \mathbb{R}$  are two functions defined on all  $\mathbb{R}$ . If  $f \circ g$  is injective, then  $g$  is injective.

TRUE       FALSE

- Place your student card on your table.
- **No other paper materials** are allowed to be used during the exam.
- Using a **calculator** or any electronic device is not permitted during the exam.
- For the **multiple choice** questions, we give :
  - +3 points if your answer is correct,
  - 0 points if you give no answer or more than one,
  - 1 points if your answer is incorrect.
- For the **true/false** questions, we give :
  - +1 points if your answer is correct,
  - 0 points if you give no answer or more than one,
  - 1 points if your answer is incorrect.
- Use a **black or dark blue ballpen** and clearly erase with **correction fluid** if necessary.
- If a question is wrong, the teacher may decide to nullify it.

For each question, mark the box corresponding to the correct answer. Each question has **exactly one** correct answer.

Question statement with several possible correct answers

- wrong answer choice
- False Answer Choice
- other correct answer choice

- False Answer Choice
- Correct answer choice

Let the subset  $E \subset \mathbb{R}$  defined by  $E = \left\{ 2 \left( 1 + \frac{1}{n} \right)^n : n \in \mathbb{N} \setminus \{0\} \right\}$ .

Then

- 10 is a majorant of  $E$
- the supremum of  $E$  belongs to  $E$
- the minimum of  $E$  is 2
- $E$  is closed
